The Idea

- To design, build and manage a profitable indoor sports complex that houses artificial turf fields (for soccer, baseball, softball, lacrosse, rugby, and other turf / field sports) and hard courts (basketball, volleyball, and wrestling) to compliment the amateur sports of Columbus.
- Our goals are to provide:
 - A premier youth competition indoor sports complex for Columbus.
 - A year round training facility for youth sports.
 - Court, turf and training facilities to enhance and improve performance in youth sports.

Community Research

- Conducted research on communities who are organized to support amateur sports.
- Similar size to Columbus and/or in close proximity.
